

UK Reporting Fund Status Report - Funds managed by Veritas Investment Partners (UK) Ltd
Period ended 31 December 2021

This report is relevant if you were an investor in a reporting share class of any of the below named funds on 31 December 2021.

The share classes of the fund set out below have been approved as having 'UK Reporting Fund status' by HM Revenue & Customs under the provisions of The Offshore Funds (Tax) Regulations 2009 (the 'Regulations').

This report constitutes the Report to Shareholders for the purposes of the Regulations in respect of the accounts period ended 31 December 2021. You should be aware that there may be a requirement for you to pay tax on 'excess reported income' as though you had actually received a distribution from the fund.

If excess reported income has arisen, it is deemed to have arisen on the 'fund distribution date', being the date six months following the end of the reporting period, i.e 30 June 2022.

In order to compute the quantum of excess reported income relating to your shareholding, this can be calculated by reference to the number of shares held by you as at 31 December 2021.

Actual distributions and excess reported income are deemed to be the equivalent of the receipt of a foreign dividend and should be treated as such in your UK income tax return.

All share classes below remain reporting funds at the date this report was made available to investors.

Should you have any queries with regards to the content of this report, please contact your tax advisor.
